Taking Action to Hold on to Students

Communities and their neighborhood public schools can turn the tide. We can and must guarantee that every child graduates from high school ready for college and the world of work. Strategic action to address school holding power has two key elements:

Community-based action – that reclaims neighborhood public schools, strengthens schools through school-community partnerships and holds schools and stakeholders accountable for student success.

Statewide systems change – to strengthen school holding power so all schools ensure that all children succeed and graduate. Each strategy must be informed by quality data about student outcomes and the factors that make up effective schools.
